

Churchfield C.E. Primary Academy

Walking together in the light of the Lord, we aim to create a supportive and safe environment where we encourage each other to be the best we can be. At Churchfield we learn to take pride in our successes and aspire to make a positive difference for ourselves, the local community, and the wider world.

Languages at Churchfield

INTENT

Learning a foreign language is a necessary part of being a member of a multi-cultural society and provides an opening to other cultures. A high-quality languages education should foster children's curiosity and deepen their understanding of the world. The teaching should enable children to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing. It should also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language. Language teaching should provide the foundation for learning further languages, equipping children to study and work in other countries.

The national curriculum for languages aims to ensure that all pupils:

- understand and respond to spoken and written language from a variety of authentic sources
- speak with increasing confidence, fluency and spontaneity, finding ways of communicating what they want to say, including through discussion and asking questions, and continually improving the accuracy of their pronunciation and intonation
- can write at varying length, for different purposes and audiences, using the variety of grammatical structures that they have learnt
- discover and develop an appreciation of a range of writing in the language studied.

At Churchfield:

- Children have weekly lessons in Spanish throughout Key Stage 2, using the resources and units of work from Twinkl's PlanIt Spanish, in addition to other resources.
- In Lower KS2, children acquire basic skills and understanding of Spanish with a strong emphasis placed on developing their Speaking and Listening skills.
- These will be embedded and further developed in Upper KS2, alongside Reading and Writing, gradually progressing onto more complex language concepts and greater learner autonomy.
- As we have only been learning Spanish since September 2021, all children started on at Year 3 level and are building up skills and knowledge as they continue their journey through the school.

It is intended that when children leave us, they will have a natural curiosity and confidence to explore, other countries, cultures and languages, accepting that, in a multi-lingual society it is a valuable skill to be able to communicate effectively with others in another language. They will be engaged and prepared to continue language learning at Secondary School.

IMPLEMENTATION

In line with the National Curriculum for MFL, pupils at Churchfield are taught to:

- listen attentively to spoken language and show understanding by joining in and responding
- explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words
- engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help
- speak in sentences, using familiar vocabulary, phrases and basic language structures
- develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases
- present ideas and information orally to a range of audiences
- read carefully and show understanding of words, phrases and simple writing
- appreciate stories, songs, poems and rhymes in the language
- broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary
- write phrases from memory, and adapt these to create new sentences, to express ideas clear
- describe people, places, things and actions orally and in writing
- understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.

This is done through a weekly Spanish lesson, taught by the class teacher.

IMPACT

We measure the impact of our curriculum through the following methods:

- Observing children speaking and listening in another language.
- Marking of written work.
- Images and videos of children completing speaking and listening activities.

- Interviewing the pupils about their learning (pupil voice).
- Learning walks.
- Subject tracking.
- Teacher assessment judgments recorded on assessment grids

The MFL subject leader will continually monitor the impact MFL teaching is having on the children's learning, through work scrutinies, to ensure the progress of knowledge and skills is being taught. They will also ensure the knowledge taught is retained by the children and continually revisited and that the learners are able to apply the skills they have been taught to a variety of different settings, showing independence with their learning.

Impact will also be measured through key questioning skills built into lessons, child-led assessment and summative assessments aimed at targeting next steps in learning.
