*Walking together in the light of the Lord, we aim to create a supportive and safe environment where we encourage each other to be the best we can be. At Churchfield we learn to take pride in our successes and aspire to make a positive difference for ourselves, the local community, and the wider world.*

## 1. Aims

Churchfield CE Primary Academy aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF) from 1 September 2021
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Make sure all staff understand their role in the ECT induction programme

## 2. Legislation and statutory guidance

This policy is based on:

- The Department for Education's (DfE's) statutory guidance Induction for early career teachers (England) from 1 September 2021 The Early career framework reforms
- The Education (Induction Arrangements for School Teachers) (England) Regulations 2012
- The 'relevant standards' referred to below are the Teachers' Standards.

This policy complies with our funding agreement and articles of association.

## 3. The ECT induction programme

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.

Prior to the ECT serving their induction, the Headteacher/Head of School and Appropriate Body must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period.

We will engage with the full induction programme offered by the John Taylor Teaching School Hub. The Appropriate Body for our ECTs will quality assure our full induction programme.

Churchfield has a designated ECT lead (the Head of School) who will coordinate the ECT Induction Programme and oversee the progress of ECTs within the academy.

### 3.1 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)

- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no less than 10% of the timetable, and in their second year, this will be no less than 5% of the timetable
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis

### 3.2 Support for ECTs

ECTs are supported through:

- Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments
- Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback.
- The ECT lead, who will visit and observe the ECT at least once each term.
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice
- Close contact with the Appropriate Body, in consultation with whom reasonable adjustments may be made to support any ECT teacher with additional needs

### 3.3 Assessments of ECT performance

Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the in school induction tutor or Principal/Head of School

These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and made available to the Appropriate Body if requested .

After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The Principal/Head of School will also recommend to the Appropriate Body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.

The ECT will add their own comments, and the formal assessment report will be signed by the Principal/ Head of School, induction tutor and the ECT.

A copy of the formal assessment report will then be sent to the Appropriate Body. The final assessment report will be sent within 10 working days of the meeting, for the Appropriate Body to make the final decision on whether the ECT has passed their induction period.

In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

### 3.4 At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- The ECT lead is informed and a visit and observation will be scheduled
- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance
- The support plan, the progress review record or formal assessment report will be shared with the Appropriate Body.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or Principal/ Head of School will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.
